Features

Are you looking for the ideal investment where you can also enjoy everything Bonaire has to offer? That is what Villa Carolina provides. This property was completed in May 2024 and is in a very modern state. The spacious living room with a luxurious open kitchen offers a perfect combination of togetherness and enjoyable cooking. Both bedrooms come with their own bathrooms, and this villa features a lovely porch at both the front and back. The calm wind provides a refreshing breeze as you sit and relax on the spacious porch with views of a very green part of Bonaire. The large swimming pool also offers a chance to cool off on warm days.

In terms of location, Villa Carolina is perfectly situated. The Hato neighborhood is very popular and has been extensively developed recently. Both the charming center of Kralendijk and numerous dive spots and several hiking trails in the north of Bonaire are nearby.

Why is this the ideal investment? This villa is designated for 'Recreational accommodation', allowing you to use this property for vacation rentals.

The developer plans to build two more vacation villas on this plot. Ayo Bonaire will provide guests with a cozy, small-scale resort feel. In addition to the communal swimming pool, a recreation room can also be built where people can gather. This way, the resort can be booked by a group of friends or a large family, allowing them to turn it into a private resort.
