New construction on Bonaire with professional guidance

Are you looking for a home that can be used as a large family home but can also house an indoor guesthouse? Then we proudly present our yet to be built model home 4 with 3 bedrooms, 3 bathrooms, a spacious covered terrace and the possibility to add a refreshing swimming pool to your wishes. This home is designed with an eye for detail and quality. A design by [Okhuijsen Bonaire](#) with the possibility to make small adjustments and changes to the layout.

Location

Lot 65 is located at the inner ring of the Suikerpalm allotment. With only a 5 minute drive to the Sorobon area to the east and only a 2 minute drive to the nearest beach 'Bachelor Beach' to the west this allotmentplan is located in between the most beautiful coastal areas of Bonaire. The center of Kralendijk is only a 10-minute drive away.

Including construction supervision

From the design and permit application through to the completion, you will be guided by an experienced project manager who serves as your primary point of contact throughout the entire construction process. This project manager will coordinate with contractors, architects, and other involved parties. This ensures a professional execution and allows for your personal preferences to be accommodated. This guidance covers the entire process: from the initial design and construction management to the completion and post-construction support.

Association of owners of roads and facilities Suikerpalm - Annual contribution per plot is USD 200.00.

Lay out

The entrance is through a covered terrace leading into the living room with an open kitchen. From the living room, you can access the master bedroom with its own bathroom and a private covered terrace, as well as bedroom 2 with its own bathroom and bedroom 3 with its own bathroom. Adjacent to the living room is also an integrated storage room.

Costs specifications

The construction costs cover the complete home, excluding furnishings. Please ask us for a detailed breakdown of costs and specifications. A technical description of the home is available upon request.

Summary:

Purchase price of the plot, including all costs: USD 200,136,59

*including buyer's costs, including measurement and layout costs.

Construction costs of the home, including ABB: USD 420,688,65

*including design costs, construction costs and provisional sums.

Total purchase price of the plot & construction costs: USD 620,825,24

Swimming pool and garden (Optional)

You have the option to add a swimming pool to your design, with costs depending on the specific layout. Feel free to inquire about our modular designs and price estimates.

Additionally, for an extra fee, we can provide landscaping, shaded pergolas, solar panels, and paving for driveways and garden paths. Make this home a unique reflection of your personal style and preferences.
