

OLD LAGOEN

THE PROJECT

The project “Oud Lagoen” is located on the Kamin-da Lagun, opposite the beautiful rural area of the LVV Bonaire and south of the hills of Seru Grandi. The impressive entrance of Oud Lagoen welcomes you in a grand way. The project consists of twenty-five lots that vary from 566 m² to 1.280 m². Buyers can choose from one of the attractive catalog homes that we have in our range. These are completely customizable according to the buyers’ desire. With the designs of our catalog homes we seek to revive the traditional architecture of Bonaire.
